EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Douglas Little on November 15, 2004.

The application has been amended as follows:

IN THE CLAIMS

In claim 6, line 1, delete "A" and insert therefore --The--, and delete "comprising a plurality of" and insert therefore --of claim 1 wherein the--;

line 2 delete "comprising" and insert therefore --comprise--, and delete " and at least two layers that are discontinuous in the cross-web direction and continuous in the down-web direction, said discontinuous layers being embedded between continuous layers and separated from each other by continuous layer material, said discontinuous layers comprising a material selected from the group consisting of thermoplastics including homopolymers and copolymers thereof".

The following is an examiner's statement of reasons for allowance: The Examiner has little to add to applicants' Response and accompanying Rule 132 Declaration of Coinventor Kollaja except to note that claim 6 has been revised to now be dependent upon claim 1 and to just recite that the substantially continuous layers comprise a foamed pressure sensitive adhesive. Support for such amendment clearly exists in,

e.g. original claim 1.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Daniel Zirker whose telephone number is 571-272-1486. The examiner can normally be reached on 5-4-8:30-6:00.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Terrel Morris can be reached on 571-272-1480. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.
